

Water Purveyor Working Group –Fall Workshop 2014

When: Thursday Oct. 30th 2014 9:00 AM – 3:00 PM *Save the date!*

Where: Parksville Community & Conference Centre, 132 Jensen Ave. E

Who: Anyone who owns and/or operates a water system! Do you have a well and more than 1 connection? Do you provide water to the public, employees or tenants? This meeting is for you!

Why: Come to network with fellow small water system operators and learn helpful management tools from expert speakers. Exchange experiences and discuss challenges and tricks of the trade; learn from each other!

Topics & Speakers:

<ul style="list-style-type: none"> • Interpreting Water Quality Test Results 	Catherine Black –North Island Labs
<ul style="list-style-type: none"> • Water Quality Test Results: What Do They Mean for My Water System? 	Island Health
<ul style="list-style-type: none"> • Innovative Water Treatment Options 	Adam Scheuer – Water Tiger Purification Systems
<ul style="list-style-type: none"> • Groundwater Quality and Well Construction 	David Slade - Drillwell Enterprises Ltd.

This is a FREE event. Light breakfast and lunch will be provided.
